ing from year to year to buy from the cheapest man is not conducive to the best interests of the trade we seek, and the success of our Bulb business and the confidence we have won have proven that our carefulness and the fidelity of our growers have been amply rewarded, and that we conduct our business in the right way to give satisfaction to those who buy of us.

Where we quote two sizes on any variety, our customers will find it to their advantage, if growing for the cut flower trade, to order the best, for we import just as we quote, paying the same difference in price that we ask to get extra fine Bulbs, and do not cull them out of one lot. **ALL OUR BULBS ARE FIRST-CLASS, NO INFERIOR STOCK BEING HANDLED IN OUR TRADE.**

**ORDER NOW AND SECURE THE BENEFIT OF THESE LIBERAL OFFERS.**

OUR PRICES BY THE 1,000 WILL BE ALLOWED ON ORDERS OF 250 BULBS OF A KIND; 25 WILL BE BILLED AT 100 RATES. Our prices are made very close, and cases will be charged at cost, as we have to pay for same in importing.

**T**HE SPECIAL PRICES herein quoted are based on no change in U. S. Tariff before delivery to us, and are good for immediate orders booked with and accepted by us. We will ship all large orders on arrival of each variety of Bulbs, or at such date as you may name at time of booking order.

**WE GUARANTEE TO DELIVER GOOD, SOUND BULBS OF FIRST QUALITY OR NO SALE,** and if not such they can be returned at once at our expense, if within five days after receipt by you, but we assume no responsibility for the results in forcing or flowering of Bulbs.

We guarantee prices in that, should our Wholesale Fall Catalogue offer anything ordered from this list, at lower prices, we will give you the benefit of the lower rate.

**WE ALLOW 4 MONTHS' CREDIT,** or a discount of 5 per cent. for cash in 10 days from date of bill. All bills over \$50.00 subject to being closed by note. Bills under \$25.00 are net. Unknown correspondents must furnish satisfactory references with order.

**WE FURNISH FREE A NICE RETAIL CATALOGUE OF BULBS, GOTTEN UP WITH YOUR NAME AND ADDRESS ALONE** appearing on it, and priced to give a proper margin of profit and yet **ATTRACT** to you orders for Bulbs. These are supplied in proportion to amount of your order with us, and can be sent by you to those likely to want to buy Bulbs or have them planted out. You will find this a great help.

**WE USE** only the **BEST GROWERS** and the **SAME ONES** from year to year; our trade has grown to be so valuable to them that we receive only the choicest and most select Bulbs that they produce. Picking up Bulbs at auction and shift-

Lilium Harrisii,  
 True Bermuda  
 Easter Lily.

DIRECT IMPORTATION.

Grown for us by Special Contract.

Well Matured and Properly Ripened Bulbs. Will be ready for Shipment about July 15th to August 1st. 25 charged at 100 rates; 250 charged at 1000 rates.

WE offer a most superior stock of this valuable forcing flower for florists. All who have used our LILIIUM HARRISII have been pleased with size and quality; they are especially grown by contract and selected with great care, and will be found unexcelled by any others and exactly as represented. Our sales have increased wonderfully from year to year. Our aim is to give you THE BEST BULBS that can be produced, and extend courteous, liberal dealings with our many customers.

The TRUE BERMUDA EASTER LILY is one of the grandest bulbs that has been introduced in many years; it can always be depended upon to yield an abundant and profitable crop of flowers; BULBS THAT MEASURE FROM 6 TO 9 INCHES IN CIRCUMFERENCE are the best size to force, and bear from 5 to 8 flowers, sometimes more; smaller bulbs bear only 2 to 3 flowers. They are early and flower quickly, and can be had in bloom by CHRISTMAS, from bulbs planted as late as September; many of our customers have found profitable sale for them at that time. Pot in October for best Easter results; more flowers will be produced by the longer time, although satisfactory results have been obtained by potting as late as December 1st.

LILIIUM HARRISII are not only valuable for forcing, but equally desirable for planting in the garden; south of Washington they are entirely hardy and will stand the Winter north, if covered with leaves to the depth of 5 or 6 inches.

We carry Valley Pips in cold storage and will quote on application. For very early forcing they are valuable to furnish foliage which the freshly imported pips will not give so well in December.

NOTICE.—The true Berlin Pips, due to the light sandy soil in which they are grown, are not so large in the crown as the Hamburg Pips, but they are earlier and force with more regularity. Bear in mind, the flowers of the Lily of the Valley are produced entirely from the roots already established, and it is here that our Berlin Pips show their excellence.

# "STANDARD" FLOWER POTS.

MANUFACTURED EXPRESSLY FOR US.

6 Supplied at Dozen Rates. 50 Supplied at 100 Rates. 500 Supplied at 1000 Rates.

Sizes and Shapes as adopted and recommended by the Society of American Florists, at their convention in New York City, August 23d, 1888. These Pots are full inside measurement, height and width, which makes them at least one size larger than by the old way of measuring. Destroy all previous lists of RIM POTS, as the sizes and prices are all changed.

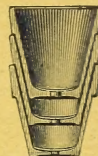

## Price List of the "Standard" Flower Pots.

Advantages of "Standard" Flower Pots

- First—Uniform size throughout the country.
- Second—Breakage is not one half as great as in other Pots, the deep rim protecting them from any ordinary hard usage.
- Third—The foot keeps the Pot up from bench, so that it is impossible for hole to become clogged. The Concave Bottom and large hole insures perfect drainage.
